

Referral Program

If you have a friend or family member who is looking for a new home to take advantage of low prices, great interest rates and the Federal tax credit available if they enter a purchase contract prior to April 30, 2010, have them look no further.

Edenbridge Homes is pleased to extend to its homeowners and business associates a special invitation. To show our gratitude for your introduction of a friend or family member that purchases and closes on a new Edenbridge home in Vacaville or Cordelia, we will reward you with a \$3,000 referral fee and the new buyer with a \$3,000 Design Center credit.

New registrants must be referred prior to, or at the time of their first visit to the sales office to qualify for the Referral Program. The Referral Program is not available to licensed real estate professionals and cannot be combined with any other referral fees. The program may be discontinued or modified at any time without notice. See our community sales managers for details. Only one referral fee shall be paid per sale.
